American Red Cross First Aid Car Now on the Road

The American Red Cross has alway been distinguished by its enterprise a making its efforts to aid humanity of maximum value. As another evidence of this activity this association he of this activity this association has lately established a first sid to the injured department, through which it hopes to carry instruction in this important subject to all parts pf the country. In furtherance of this object it has now in operation a first aid car. This car was donated by the Pullman Company, and has been fully equipped by the Red Cross with all sorts of first aid material it is in direct charge of Dr. M. Whitheld Glasgow, of Birst aid material it is in direct charge of Dr. M. Whitheld Glasgow. of Birst aid material it is in direct charge of Dr. M. Whitheld Glasgow. of Birst aid material it is made to the special work by the First Aid Department of the Red Cross. The cawas cutflitted at the Fullman shops in Baffalo, and is now on the road in Illinois. Its work evidently appeals to the various railway officials as the railways are hauling it free of charge. The car will proceed from pince to place, stopping at railway, manufacturing and mining centres where the best opportunities present themselves for organizing first aid classes. Julias has been done by the Red Cross in the mining field, an attempt will be made to interest employers, employed and local physicians alike so that first aid to the figured instruction will have general support and countenance after the car has visited a place. Though the Red Cross car is primarily de-
